NONCOMPLIANCE SUMMARY

The offender has not complied with the following condition(s) of supervision:

CONDITION VIOLATED

NATURE OF NONCOMPLIANCE

The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as directed by the probation officer.

Mr. Royster tested positive for marijuana and/or cocaine on four separate occasions by way of sweatpatch and/or handheld urinalysis test between June 16, 2005, and April 11, 2006.

U. S. Probation Officer Action:

Since his release to a second term of supervision, Mr. Royster's adjustment to supervision has been marginal. Mr. Royster and his wife lived with her parents for a period of time. When he became gainfully employed with Cleggs Pest and Termite Control in Durham, NC, they established their own residence and are currently in the process of purchasing a house. Mr. Royster was employed with this company during his first term of supervision and was re-hired upon his release.

On June 16, 2005, Mr. Royster reported to the probation office and tested positive for cocaine. He denied use but the sample was confirmed positive by Scientific Testing Laboratories, Inc. (STL). Mr. Royster was referred to outpatient drug treatment which he completed in October 2005. During this course of treatment, Mr. Royster tested positive for marijuana on two additional occasions by way of a sweat patch in June and July 2005. It should be noted that after Mr. Royster completed drug treatment, he was placed in a pager program for random drug testing.

On April 11, 2006, Mr. Royster was paged and he reported to the probation office and tested positive for cocaine. He denied use of any illicit substances but the sample was confirmed positive by STL on May 2, 2006. On May 2, 2006, Mr. Royster was paged and confronted about the positive drug test but he continued to deny use. On this same date, a handheld urinalysis was conducted which was also positive for cocaine. Mr. Royster denied use and the confirmation results are pending at this time.

The probation office recommends and Mr. Royster agreed to be referred back to outpatient drug treatment and due to the fact that he has health insurance, the services will be paid at his expense. Mr. Royster is clearly in denial about his drug addiction and if he continues to engage in illicit drug use, the probation office recommends inpatient drug treatment, at his expense. Mr. Royster will continue to participate in the pager program for random testing.

Respectfully submitted.
